LEADERSHIP ACTIVITIES

Pictografest 6 Exhibition, Banyuwangi

June 2024

As a Game Developer Leader

- I have led the team by dividing tasks fairly and structured according to each member's ability. I developed a clear work plan so that all processes are efficient and directed.
- During the development process, I regularly monitor the progress, do the tasks in the plan, give feedback, and make sure all features run without bugs. We do testing regularly to maintain the quality of the game before it is showcased.
- I also prepared presentation materials, posters and gameplay videos to make our game stand out at the exhibition. I trained with the team to explain their work confidently, and as a result we managed to attract a lot of attention from visitors.

English Club, Banyuwangi

2023 - 2024

As a Public Relations Team

- Responsible for building a positive image and maintaining communication between the English Club and external and internal parties
- Promoting activities as well as managing social media and public information.
